

MedeCreate “Authorized User” Training

The MedeCreate Authorized User training curriculum provides partners and clients access to the training and documentation resources needed for utilizing MedeCreate.

Standard Offerings include:

- ▶ Access to Partner Portal including MedeAnalytics Online Help Library
- ▶ eLearning on MedeWorks and Products in the MedeAnalytics Learning Management System

Assignment to MedeCreate Implementor or Personalizer Authorized User Learning Path with:

- ▶ MedeCreate eLearning courses
- ▶ Instructor-led MedeCreate Boot Camp training

Available Handouts (PDF):

- ▶ MedeCreate Support Resources
- ▶ QuickStart Guide
- ▶ Authorized User Training Completion Certificate (Learning Path)
- ▶ Access to MedeCreate Support Community

MedeCreate Boot Camps

The MedeCreate Boot Camps are instructor-led courses offered within the Authorized User Training. All Boot Camps provide foundation for using MedeCreate to implement and/or personalize SaaS products.

- ▶ Boot Camps are available as face-to-face trainings held at MedeAnalytics or onsite.¹
- ▶ Prerequisites: Platform Overviews, MedeCreate Navigation and Product Role Overview(s)
- ▶ Maximum Class Size: 12 participants

Course Durations:

- ▶ Implementor Boot Camp – 4 Days
- ▶ Personalizer Boot Camp – 3 Days

Available Handouts (PDF):

- ▶ Agenda
- ▶ Implementor and/or Personalizer Lessons
- ▶ Participant Classroom Exercises
- ▶ Completion Certificate

1. Trainer T&E is to be billable to the partner/client or included in the contract for onsite Boot Camps. Remote delivery of MedeCreate Boot Camps is not considered a standard offering.
