

# IS22 MedeAnalytics Impact Summit 2022

### Make connections and learn something new in a virtual networking session.

While we wish we were able to share a drink and bite to eat with you in person, we cannot wait to spend some time hanging out virtually. After a day of strategizing and learning, we know you will be ready for some good, old-fashioned fun.

On **Tuesday, September 20 at 4:00 p.m. CT**, you're invited to join an interactive, fun-filled networking event of your choice. Your options are:

#### Master the Art of Spanish Paella

Channel your inner celebrity chef during a virtual, interactive cooking lesson. You will leave this class with a deep understanding of the unique spices and flavors that go into creating Spanish paella.

Get excited to meet delicious ingredients from the everyday to the exotic, awakening your mind—and your palate—to a whole new way to experience food from the comfort of your own kitchen.

All menu ingredients will be shipped directly to your door, and dietary restrictions will be accommodated.

#### Fall Bitters and Botanicals

Explore the curious niche in the history of bitters & botanicals and how they became an essential part of modern-day mixology. Originally composed of a choice spirit, water, sugar & bitters, early 1800s "cocktails" focused on the medicinal, dubious, and sometimes odd mixture of ingredients.

Enjoy three expertly designed drinks that highlight each unique ingredient and component perfectly. This mixology class will dive into the history and lore of popular bitters and botanicals that are used in classic cocktails today and how to pair them with your favorite spirits!

All ingredients will be shipped directly to your door.

*Please note: Those who sign up for a networking event after 9/8 may not receive items in advance of the event. We will do our best, but cannot guarantee delivery after that date.*
